v1.0 Product Documentation & Guide

Redefining HR Operations

Efficiency. Accuracy. Transparency.

WHAT IS SMARTHRMS?

SmartHRMS is a comprehensive SaaS platform designed to transform traditional HR management into an intelligent, automated powerhouse.

- **Verification First:** Biometric authentication ensures presence.
- **Location Intelligence:** GPS Geofencing prevents spoofing.
- **Zero Manual Work:** Automated attendance to payroll flow.

THE STRATEGIC WORKFLOW

01. Setup

Define Office Time, Coordinates, and IST Parameters.

02. Onboarding

Registration, Face Enrollment, and Salary Mapping.

03. Operations

Daily Attendance (GPS + Face Recognition) & Reports.

04. Payroll

Automated 30-Day Logic & Salary Slip Generation.

FOUNDATIONAL SETUP

Step 1: Company Registration

Establish office hours, GPS geofence radius, and IST sync parameters.

Step 2: Workforce Onboarding

HR reviews registration, assigns monthly CTC, and executes biometric face enrollment.

DAILY OPERATIONS FLOW

Morning Plan

Mandatory declaration of work mode (Office/WFH/Leave) before punch-in.

Two-Step Verification

Simultaneous GPS Geofencing and AI Face Recognition check.

Daily Work Reports

Mandatory DWR submissions for accountability and progress tracking.

AUTOMATED PAYROLL PROCESSING

Calculation Component	System Logic
Standard Month	30-Day Logic applied for all months
Present Days	Office Attendance + Approved WFH
Leave/Absent	Auto-deduction based on daily rate

$$\text{Net Salary} = \frac{\text{Monthly Salary}}{30} \times \text{Days Present}$$

AI FACE RECOGNITION

Military-Grade Biometrics

- 99.7% Accuracy Rate
- Liveness Detection (Anti-spoofing)
- Under 2-second verification
- Secure facial signature encryption
